We are seeking to employ a new teacher into our Academy. This is an exciting opportunity for talented, innovative and dynamic teachers to join our hard-working team, in order to help drive the direction of our Academy. The successful candidate will be totally committed to raising standards and overcoming barriers to learning for all children in this vibrant and diverse community. We value people that can work well within a team in order to drive up learning and well-being for our young people. Our academy is recruiting new staff because of our recent success and expansion to becoming a three-form entry school.

The role will include delivering high quality lessons and most importantly, inspiring and enabling the children to achieve great things. You will be encouraged to develop your own skills in a supportive environment where children matter. Your professional development will be a core focus within our establishment, as it is a strength we have been recognised for by qualified Ofsted inspectors.

If you have high expectations of pupils’ achievements and a strong commitment to raising standards, giving children the best possible start in life; and you are interested in working in a truly inclusive, forward-thinking school within a highly successful and growing national organisation, then please contact the Academy for further details and for an application pack.
