

Science Teacher

School:	Oaks Park High	Posted:	29th April 2025
Location:	Damson Way, Carshalton, Surrey SM5 4NS	Expires:	16th May 2025 12:00 PM
Contract Type :	Permanent	Start Date:	1st September 2025
Salary:	£36,413 - £53,994	Job ID:	1479975
Hours:	Full Time	Suitable for:	ECT (NQT) Graduates

Science Teacher - Biology or Chemistry Specialist

Outer London Pay Scale - £36k - £53k

September 2025 start

Thank you for your interest in this role. This is an exciting time to be joining Oaks Park High School.

We were proud to achieve a 'Good' outcome in all categories during an Ofsted Inspection in October 2023 in which Ofsted commented the following:

'The school is ambitious for all pupils, including those with SEND. It has designed a curriculum that sets out high academic expectations'

'Teachers have strong subject knowledge. This is reflected in their high-quality explanations of subject content'

'Pupils are respectful and polite. They understand the school's expectations in terms of conduct and behaviour'

'Staff know their pupils well, and they build positive relationships with them'

The school is an increasingly popular choice within the local community and we are delighted to advertise this role due to an expansion within the school and a larger intake of students in September 2024.

We are looking for a committed, enthusiastic and hard-working colleague to join our Science department and become part of our cohesive, professional and supportive team.

Our school is situated in Carshalton, 30 minutes from London Victoria by train and a short distance from Sutton, Merton, Croydon and Kingston.

We can offer you:

- An excellent CPD programme, including in house instructional coaching
- Opportunities for cross Trust working
- A behaviour for learning system supported by an experienced Pastoral Support Team
- A well-being support team
- A range of staff benefits, including an Employee Assistance Programme, Cycle to Work scheme
- Working in a large Science department with fourteen teachers with a range of specialisms
- A Level Biology, Chemistry, Physics and Applied Science cohorts at Key Stage Five
- Science Laboratory Teaching environments supported by three technicians

The successful candidate will be:

- Ambitious for young people and for themselves
- Creative in using new technologies or teaching approaches to help students to learn and progress
- Keen to continually develop their practice, with a collaborative approach
- An enthusiastic teacher who can motivate and challenge students.

You will be required to:

- Inspire and support our students across the three Key Stages
- Use a range of assessment strategies to provide targeted and directed feedback
- Be inspired by reading and researching new pedagogy on learning and teaching
- Be creative and reflective in the planning of lessons and schemes of works
- Have the skills to form excellent working relationships with all individuals.

Further information can be found in the job description and person specification, below.

Closing date for applications: 9am, Monday 12 May 2025

Oaks Park High is committed to safeguarding and promoting the welfare of our students and expects all staff and volunteers to share this commitment. This post is subject to satisfactory references, medical clearance and enhanced checks carried out by the Disclosure and Barring Service (DBS). Oaks Park High School is an equal opportunities employer.
